

REMARKS

By the present amendment, claim 12 has been amended to depend on claim 11 instead of claim 1, claim 18 has been amended to correct “l plate” to “λ plate”, and claim 20 has been amended to correct “brightness-enhanced plate” to “brightness enhancement plate”.

It is submitted that the amendment to claim 12 is immediate, as claim 12 is directed to a liquid crystal display like claim 11 whereas claim 1 is a method claim, the amendment to claim 18 corrects a clerical error, and the amendment to claim 20 is also an immediate correction to use a conventional term.

Accordingly, it is submitted that the amendment does not raise any new issue and its entry is respectfully requested.

In the event there is, in the Examiner's opinion, any outstanding issue and such issue may be resolved by means of a telephone interview, the Examiner is respectfully requested to contact the undersigned attorney at the telephone number listed below.
